Memo No. Ch-43/TR-95(90)AP
Dated: 8.1.2008

Sub: Release of AP connection at right Muraba/Killa number.

Applicants in respect of AP tubewell connections are required to submit a copy of ‘Fard’ in the office of SDO(OP) while submitting application for release of connection indicating the Muraba/Killa number where the connections is to be released. It has come to the notice of the Management that in certain cases, connections have been released in other Muraba/Killa number than what is mentioned in the ‘Fard’.

So as to curb such type of practice in the Nigam, it has been decided that the Feeder Incharge shall associate himself with the Patwari of concerned area at the time of preparing the estimate and a certificate shall be taken from the Patwari that the applicant has shown correct Muraba/Killa number to the Feeder Manager to avoid any dispute at later stage.

The above instructions should be brought to the notice of all concerned for careful and meticulous compliance.
