5. All SDOs (OP) under UHBVN.

Subject: - Empanelment of firm for supply of 11 KV Pilfer resistant metering cubicles (except ratings 10/5, 15/5 & 20/5 Amp) duly fitted with 11 KV CTs & PTs in UHBVN.

This is with reference to this office memo no. Ch-8/ XEN/P-I/MM/EMP-181-B/2016-17 dated 04.10.2016 vide which the following firms were empanelled for supply of 11 KV Pilfer resistant metering cubicles duly fitted with 11 KV CTs & PTs strictly as per Nigam's technical specification No. CSC-66/UH/DH/P&D/2011-12 with latest amendments for release of new connection upto 31.03.2017.

Now it has been decided to extend the empanelment of following firms upto 30.09.2017 or till further instructions **excluding ratings of 10/5,15/5 & 20/5 Amps:**

Sr. No.	Name of the firm
1.	M/s Emgee Auto Industries, Faridabad.
2.	M/s Eltech Engineers, Bahadurgarh
3.	M/s Saraf Electrical Pvt. Ltd. Rampur Phul.
4.	M/s Adhunik Electro Controls (P) Ltd. Dehradun.
5.	M/s Jai Durga Projects Pvt. Ltd., Ballabgarh
6.	M/s Concord Electricals Industries, New Delhi.
7.	M/s Vishal Transformers & Switchgears Pvt. Ltd., Meerut.

The firm will seek permission from this office before manufacturing equipment for sale in open market against above empanelment. The 11 KV Pilfer resistant metering cubicles duly fitted with 11 KV Pilfer resistant metering cubicles duly fitted with 11 KV CTs & PTs accepted through the consumers shall be got tested/sealed from concerned M&T lab as per above technical specifications before installation at the consumers premises.

The design of the metering cubicles has been modified to following extent to avoid malpractices by consumers:

1. Meter chamber should have two doors i.e. one inner door and other outer door with their hinges inside and with proper sealing system with the help of two nos. sealing screws each.
2. The CT/PT chamber door should have its extended collar from the top to the extent that it can be easily overlapped by meter chamber outer door and can't be opened without opening it (Meter chamber outer door).
3. Instead of riveting the name plates on their MCB's, the supplying firms should do welding of the same with it & also assign individual Sr. No. to their each MCB & stamped that number with their firm's logo on it so that the use of duplicate theft prone MCB's can be avoided in the field.

Terms and conditions for empanelment are as under:-

1. The refundable security of ₹ 2.0 lacs deposited for subject cited item in UHBVN will be refunded on successful completion of empanelment after having complied with all formalities.
2. **Inspection:**
 - i. **The firm will seek permission to manufacture equipment to be sold in open market and subsequently offer the same for inspection.**

- ii. **The Nigam may inspect and seal the material offered for inspection at firms premises before sale in the open market or waive of the inspection. In case the material offered for inspection fails to meet the specifications stipulated in EOI and the samples are rejected by the Inspecting officer(s), the Nigam will have the right to de-empanel the firm.**
- iii. **Only the equipment cleared by this office shall be dispatched to authorize dealers in Haryana. The equipment serial numbers so ascertained will be circulated to all the operation circles by the Nigam and concerned sub-divisions/M&T lab will be instructed to accept these equipment only.**
3. Nigam can get the subject cited material type tested from NABL accredited lab during the validity of empanelment at firm's cost in order to ensure the quality of 11 KV Pilfer resistant metering cubicles duly fitted with 11 KV CTs & PTs.
4. The guarantee /warranty of the metering equipment shall be as per technical specifications of the Nigam .
 - The warranty claim as per technical specification of above metering equipment shall be settled by consumer. The manufacturer/dealer shall ensure immediate replacement of the defective material returned by consumer within warranty period and same shall also be accepted by the lab even after expiry of empanelment period (but within the warranty period).
5. The failure rate during initial testing at Nigam's M&T labs for metering equipment should not be more than 3%. The performance will be reviewed quarterly during sealing & testing in M&T labs of the Nigam. If the supplier fails to adhere to the above requirements, the Nigam may take following penal against the supplier which may include blacklisting of the firm:
 - At first instance the firm will be de-empanelled for 3 months and 50% of the security deposited by the firm shall be forfeited.
 - At second instance the balance security amount deposited by the firm shall be forfeited and the firm will not be considered for further empanelment.
6. The Nigam has the right to cancel the empanelment of firms.
 - a. In case of poor performance w.r.t. failure rate being more than prescribed limits as stipulated in above-mentioned para. The performance will be reviewed quarterly by the office of CEMM.
 - b. Without assigning any reason for the same.
7. Firm should write the words "Private Sale Metering Cubicle under UHBVN Jurisdiction".

This issues with the approval of C.M.D., UHBVN, PKL at NP-7 to 9 of the case file No. EMP-181-B/2016-17.
